

# Little Fat Baby

## Sparklehorse

Did you save your wisdom teeth?  
Did you burn your Christmas tree? But he got dragged by a donkey  
Through the dirt and the myrtle  
But he was once a little fat baby Did you lose your fatty in the bath?  
Did you make the city slickers laugh? He got dragged by a donkey  
Through the glass and the myrtle  
But he was once a little fat baby Did you burn your wisdom teeth?  
Did you save your Christmas tree? He got dragged by a donkey  
Through the switches and the myrtle  
But he was once a little fat baby
