The Man You Need

Neil Diamond

I never did believe
That I would end up losing you this way
As far as I could see
The life we had was always gonna stay
And I tried to be
The man you needI'll never understand
What I expected out of loving you
The way we had it planned
There always could be
Room enough for two
To live and grow
How could I know
I wouldn't be the man you needAnd I wanna know why
Yeah, I wanna know how
Say I wanna know where
Everything went wrong
And I'm sorry, 'cause I love youYou told me more than once
I never understood my way around
The way that things worked out
I'm still not really sure
Of where I'm bound
You knew me well
I should have seen
I couldn't be the man you needAnd I reach for the sky
I reach for the stars
And all of the time
I was reaching for you
And I'm sorry, 'cause I love youSay it now again
I'm holdin' on
I've only just begun
To learn the meaning of not having you
I thought for sure
That I would be the man
You need forever moreThat I would be the man
You need forever more
I want to be the man
You need forever more
