

# No Other Heart

Mac Demarco

[Verse 1]

Is it true?

You've been feeling sort of low these days

Just don't have a place to go these days

Must be bringing you down[Pre-Chorus]

If it's so

Then come on give this lover boy a try

I'll put the sparkle right back in your eyes

What could you lose?[Chorus]

Well for one, her heart belongs to another

And no other heart will do[Verse 2]

Is it wrong? To think my love could really help you out

It's simply just my stubborn heart no doubt, ramping away

If it's not[Pre-Chorus 2]

If it's true

Then come on give this lover boy a try

I'll put the sparkle right back in your eyes

What could you lose?[Chorus]

Well for one, her heart belongs to another

And no other heart will do
