

# Michelle (feat. Simon Curtis)

## Ro Danishei

Bitch  
Wrathschild na na  
Out I'm not strong enough  
To keep both of us up  
You're bringin' every one down with you  
And the truth is sometimes tough  
I gave you nothin but  
The purest of my love  
You led me into your house of mirrors  
Just to fuck me up You think you've won with your kind words  
To my face  
You've hid the gun, played it off like a  
Suicide case  
So I say Michelle  
You need some serious help  
Miche-e-e-e-elle  
You know you put me through hell  
Michelle  
Don't care for anyone but yourself  
Michelle  
I really do wish you well  
Just let him go, go, go, go, go, go, whoa  
Go, go, go, go, go, go, whoa  
Go, go, go, go, go, go, whoa  
Go, go, go, go, go, go, whoa I don't think you see  
Oh, the damage you've done to me  
You left my heart covered in lacerations  
Didn't you see me bleed?  
I don't think you know  
I figured you out long ago  
I kept an eye on both of your two faces  
And let me tell you it was quite a show Manipulated all of my loved ones til we were through  
Livin' a lie that you stole from your baby  
And you had the balls to say that I used you Michelle  
You need some serious help  
Miche-e-e-e-elle  
You know you put me through hell  
Michelle  
Don't care for anyone but yourself

Michelle  
I really do wish you well  
Just let him go, go, go, go, go, go, whoa  
Go, go, go, go, go, go, whoa  
Go, go, go, go, go, go, whoa  
Go, go, go, go, go, go, whoaMichelle
