Pearl Octopus

Distorted Penguins

Piercing the skin
Blood running thin
The water rapidly
Flows from tenacity
Just look at, look at you
You are a wreck
You broke the contract due
Today if I'm correctPearl octopus
Swimming my way
Treading deep inside
But what can I say
Helpless thoughts
Stuck in my head
Pearl octopus tentacles met
Magnetic undertow
Between the lines
Marble stone paper
And words that rhyme
I hear silence
Rattling my brain
Falling to pieces
At my own game
