Die for Freedom

Labyrinth

I hear their voices calling
I feel their eyes watching meNothing but few words to say
Mercy's not the one I'll pray
I won't be their slave ... no more ...Tonight we'll pay out lust for freedom
d'you see my eyes?
They're bold and proud 'cause I don't fear the priceDie for freedom - that's the price we will pay
Die for freedom - am I dying in vain?
We faced the Masters (higher of Sins)
Die for freedomMy dreams are falling down
now I understand what it means ...Masters call, I have to go
should I follow what they said?
Tell me now: is there a reason why?Tonight we'll pay out lust for freedom
d'you see my eyes?
They're bold and proud 'cause I don't fear the priceDie for freedom - that's the price we will pay
Die for freedom - am I dying in vain?
We faced the Masters (higher of Sins)
Die for freedom[SOLO: BREEZE/RAIN/TH-RSEN]Tonight we'll pay our lust for freedom ...
Die for freedom
