Fireworks

Blue OÌˆyster Cult

She went down to her house by the water
To hide herself from his grasp
He went down to the water to find her
To consummate their love at lastThen the lightning flashing
(Lightning, flashing, crashing)
Fireworks shooting off in her head
(In her head)
The earth was shaking
(Earth, shaking, quaking)Fireworks pouring down on her head
(On her head)
Only sound she heard was
(Sound, lovely word)
Fireworks like a charm
(Anointed)
Blazing redShe went down to escape from her prison
To free herself from her fear
All those years up to here with tradition
And opportunity so nearThen the lightning flashing
(Lightning, flashing, crashing)
Fireworks shooting off in her head
(In her head)
The earth was shaking
(Earth, shaking, quaking)Fireworks pouring down on her head
(On her head)
Only sound she heard was
(Sound, lovely word)
Fireworks like a charm
(Anointed)
Blazing redShe went down on a snow white pillow
To cast herself in the looking glass
He knew the time had finally come now
To break the spell they shared at lastThen the lightning flashing
(Lightning, flashing, crashing)
Fireworks shooting off in her head
(In her head)
The earth was shaking
(Earth, shaking, quaking)Fireworks pouring down on her head
(On her head)
Only sound she heard was

(Sound, lovely word)
Fireworks like a charm
(Anointed)Then the lightning flashing
(Lightning, flashing, crashing)
Fireworks shooting off in her head
(In her head)
The earth was shaking
(Earth, shaking, quaking)Fireworks pouring down on her head
(On her head)
Only sound she heard was
(Sound, lovely word)
Fireworks like a charm
(Anointed)
