

Wild Mustang (feat. Becky G)

Yellow Claw

I need somethin', I know it's you
No harm intended; do you feel it too? It's a violent delight when we hit it tonight, yeah
So don't try to fight it; get on my bad side, yeah Oh oh oh oh ohh oh oh
I know what they try to be telling you
Oh oh oh oh ohh oh oh
She's a wild mustang and she ain't no good Cause all I am is trouble trouble trouble, hey
They don't understand how you can be my bae
All I am is trouble trouble trouble, hey
People think that I'm the crazy one in town but they have no idea Trouble, trouble, trouble, hey! Yeah, yeah. Tell
me something, what you gonna do ooh ooh
Because I know how I feel, what about you ooh ooh It's a violent delight yeah, so don't try to fight it
Tonight you are mine boy, so stop tryna hide it Oh oh oh oh ohh oh oh
I know what they try to be telling you.
Oh oh oh oh ohh oh oh
She's a wild mustang and she ain't no good Cause all I am is trouble trouble trouble, hey
They don't understand how you can be my bae
All I am is trouble trouble trouble, hey
People think that I'm the crazy one in town but they have no idea Trouble, trouble, trouble, hey!
