

Who Do You Love

Kingdom Come

Who do you love

Tell me now

Spit it out

No more

Smalltalk

Shut the door

Say the words

Clear the air

Look inside

It's right there

With your eyes

You can't see

'Til your heart

Is set free

Who do you love

I believe

You don't know

Time's up

Can't wait

Anymore

Say the words

Clear the air

Look inside

It's right there

With your eyes

You can't see

'Til your heart

Is set free

Who do you love

Get it right

Move along

It's your show

Choose now

And let me know

Say the words

Clear the air

Look inside

It's right there

With your eyes

You can't see
'Til your heart
Is set free
Make the choice
Wastin' time
'Cause I won't
Stand in line
