

Reinforcements

Sparks

I'm on guard again but unprepared to fend for myself in a battle
You won't tell me why the shrubbery moves
Or why there always has to be subterfuge
You won't even say "at ease" After waging a costly siege
When a potentate ain't so potent in his state
He summons help fast
Unilaterally I withdraw What was peace is now a grand coup detente
The Purple Heart for valour please
And no heart for you Denise
Reinforcements, reinforcements I could use a strong rear guard
Reinforcements, reinforcements
First the left flank, then the right
I'd sooner work the PX tonight You intercept my S.O.S in order that no
News of my distress will ever reach the
Homefront and about my camouflage,
Well, it didn't work on you ... in fact most
Things they tell recruits never seem to do Raise my rank if I should last
Another night so tortuous
Reinforcements, reinforcements
I don't want a tete
Reinforcements, reinforcements
Let's reach accord, and ink a pact
Then, please dismiss your regiment Reinforcements, reinforcements
I could use a strong rear guard
Reinforcements, reinforcements
I could use a strong rear guard
Reinforcements, reinforcements
I could use a strong rear guard
Reinforcements, reinforcements
Reinforcements, reinforcements ...
