So suicidal, first dem ever seen this
Gangsta' for life, the realist So me say be careful a di road dem weh yuh walk
Some a carry drugs and some a dem have dutty heart
Chat in front yuh face, dem wha' fi kill you when you pass
You dem woulda lost so it's best if you nuh talk
I'm on another level like a Noah wid dah Ark
A me nuh fair di devil with the fork
Touch Gullyside guns smoke and guns spark
All a me enemies dead off So suicidal, first dem ever seen this
Gangsta' for life, the realist
So suicidal, first dem ever seen this
Gangsta' for life, the realist Every street, every block Gullyside honor me
Tell dem we the best is just a family
From Kingston, Jamaica to Miami
We taking over, lead mek dem folla' we
Sing it Every Gangsta pon dem corner
A smoke di marijuana
Far as dem eyes can see
Me a di real thing
From New York to California
To Arizona dem haffi set we free
Old Gangalee, ride if you with me
Show the lighters let me know
Lighters let me know, you know
Hands in the skies if you with me
It's the Gullyside life you know
You now you know So suicidal, first dem ever seen this
Gangsta' for life, the realist
So suicidal, first dem ever seen this
Gangsta' for life, the realist
