Kid Cut

Bis

You're soulmates been stolen
She's not with you
Just get drunk, go out more
What can you do?
Which prom dress should you choose
She's not about
No one to watch you blow your candles outKid cut it out
Kid cutWho to trust with problems
Tell a secret
No shoulder to cry on
Yeah you need it
Who'll assist scream for help?
Forced to feel it
No longer the one
She walks to school withRegret it
Deflected
Imperfect
Learnt from it
Regret it
Deflected
Imperfect
Learnt from it
