

# Hang up tha Phone

## Kiara

There you go  
There you go I heard you like what I do  
Heard you do what I say  
So baby boy, can we get away?  
(Get away, get away) 'Cause me plus you  
Equals everything we shouldn't do  
But you plus me  
Equals everything I wanna be Hang up tha phone  
Hop in your whip  
Boy I'm home alone  
In this empty ass crib  
And I ain't goin' nowhere  
'Cept somewhere with you  
'Cept somewhere with you  
Drive slow, remember patience is a virtue  
There you go at my front door  
I ain't goin' nowhere  
'Cept somewhere with you Hang up tha phone  
There you go, there you go  
There you go, there you go  
There you go, there you go  
There you go, there you go And I'm not one to accept what has happened  
Weird stares now becoming a pattern  
It's dark and I'm lost in the sadness  
A delusion, we can't seem to grasp it Me plus you  
Equals everything we shouldn't do  
But you plus me  
Equals everything I wanna be Hang up tha phone  
Hop in your whip  
Boy I'm home alone  
In this empty ass crib  
And I ain't goin' nowhere  
'Cept somewhere with you  
'Cept somewhere with you  
Drive slow, remember patience is a virtue  
There you go at my front door  
I ain't goin' nowhere  
'Cept somewhere with you Hang up tha phone  
There you go, there you go

There you go, there you go  
There you go, there you go  
There you go, there you go  
There you go, there you go  
There you go
