

# Happy Colored Marbles

Ween

Most people are not okay  
But they're taking their siestas in the sun  
Got some ideas on the way it should be  
But most of 'em just carrying on Happy colored marbles that are rolling in my head  
I put 'em back in the jacket of the one I love  
Carry that velvet sack full of pretty colored marbles  
And I'll ask you for 'em back, when I'm ready and done Most people are not okay  
And they're slackin' 'cause the job ain't done  
Fillin' up on the poison nut  
And getting down till the dawn Happy colored marbles that are rolling in my head  
I put 'em back in the jacket of the one I love  
Carry that velvet sack full of pretty colored marbles  
And I'll ask you for 'em back, when I'm ready and done
