

# Hands Off

## Bettie Serveert

This is just a ghost town posing as a city  
Its like a dead-end street, weve gotta move right now  
Then you come running in, looking so pretty  
Im so glad you made it, can we leave right now?We want a world in a mobile home  
We'll stay connected by a cellular phone  
So many out there, living a lie  
If death is a toll, well just tamper with lifeAt least thats what you wanted  
At least thats what you said  
You had to have right now  
And now that we are on it  
Can we seize the moment?  
Dont let me downIts kinda rough but its enough  
People always kill the things they love  
Lets make a sign that says, "Hands Off"This is just a ghost town posing as a city  
Hotdogs and sodas and were on our way  
The musics blaring out now  
Could you please just turn it down now?  
I can sleep all dayYes, I had a drink last night  
I havent slept a wink last night  
I dont regret a thing, thats rightThis is intense, lower your fences  
And just let it ride, taillights that fade in the night  
Youll be fine, just watch that sign  
Bear to the right, flashing blue neon lightsOh, oh, oh, hands offLets make a sign that says, "Hands Off"
