Where I'm Wrong

Exilia

Breathing black air all around me
more broken dishes on the floor
Same old cycle same old fuss and fight
Trash revolving cutting deep inside
except for today because Ive got to askWhere Im wrong
cause I cant forget at all
Where Im wrong
because Ive just got to know
where Im wrong
you should knowFather can you see the real me?
Cant you see youre blinded by her lies
Mother, why do you hate me all I ever did was tried to pleaseexcept for today because Ive got to askWhere Im wrong
cause I cant forget at all
Where Im wrong
cause Im your daughter
Ive just got to know
where Im wrong
cause my hands are still shakin
where Im wrongYou should know
You should know
You should knowI cant forget at all cause Im your only daughter
Cause Im your lonely daughter you are the only thing thats wrongWhere Im wrong
cause I cant forget at all
Where Im wrong
cause Im your daughter, your only daughter
its wrong
cause my hands are still shakin
where Im wrongYou should know
You should know
You should know
