

Stripped

Alexa Ferr

Strip
Let me, let me strip right down to the beat
Let me, let me strip right down to the beat
Let me, let me strip right down to the beat
Let me, let me strip right down to the beat I'm coming out of my skin
I'm overdue to begin
Don't need no co-sign to win (to win) It's human nature to me
And I'm not sorry
What I manifest boy oh yeah I don't really want to play it safe (safe)
On the edge is where we could stay (stay)
So, if you really want to dance (dance)
Come with me and I'll show you my plans
I, I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beat I just wanna
Oh, Oh, I just wanna
Oh, Oh I just wanna
Oh, Oh, I just wanna
Oh, Oh, I just wanna Let me, let me strip right down to the beat
Let me, let me strip right down to the beat
Let me, let me strip right down to the beat
Let me, let me strip right down to the beat
Beat
I'm on the edge and content
Not scared to take on a risk
Secure in all my skin And it's no secret to see
And I'm not sorry
Cause what I manifest boy oh yes I don't really want to play it safe (safe)
On the edge is where we could stay (stay)
So, if you really want to dance (dance)
Come with me and I'll show you my plans I, I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beat

I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beatI just wanna
Oh, Oh, I just wanna
Oh, Oh I just wanna
Oh, Oh, I just wanna
Oh, Oh, I just wannaLet me, let me strip right down to the beat
Let me, let me strip right down to the beat
Let me, let me strip right down to the beat
Let me, let me strip right down to the beatI, I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beat
I just wanna
Strip right down to down to the beatI just wanna
Oh, Oh, I just wanna
Oh, Oh I just wanna
Oh, Oh, I just wanna
Oh, Oh, I just wanna
