

High Time (You Quit Your Lowdown Ways) [Live]

[Toby Keith](#)

High Time

Well, I'm sick and tired of waking up sick and tired
As of today there's gonna be some changes made
You might as well keep your feet on the ground
I won't stand still for your moving around
It's high time you quit your low down ways
Anything to that talk I hear over town
Is it really true girl you're the one they're putting down
The word as well as I can recall
Everywhere you've been you've been the belle of the ball
And it's high time you quit your low down ways

Chorus

It's high time you quit your low down way
You gotta change the things you do and the places you play
The word as well as I can recall
Everywhere you've been you've been the belle of the ball
And it's high time you quit your low down ways
I remember one time now way back down on the farm
My daddy had a dommer necker hen and she wouldn't stay home
She could fly high as a jet airplane
But not after daddy clipped her little ole wings
And it's high time you quit your low down ways
