## Plies

I'm designed to live my best life  
I'm designed to live my best life  
I'm designed to live my best life  
I'm designed to live my best life Every time I turn around they throwing shots at the kids  
I ain't tore ass which I'm putting a bag on ya ass  
I just threw me one bag got me punching on the gas  
Little niggas talking crazy making niggas spaz  
I just threw me one near she got shots in her ass  
Been the fuck and send her home call my folks on the cash  
I was never the type of nigga to put the pussy before the bag  
On my road to the riches nigga I came from the rags  
I'm a Pakistan nigga I might be laying in your grass  
Took a bitch out my phone called the little pussy with trash  
You can hate me you can insult me but you can't ever make me mad  
It's hard to make a nigga mad when a nigga work this much cash  
Got it deep in my safe gotta nigga feeling blessed  
You got pressure with the pussy you gotta hold it get it off your chest  
Bitch I'm balling right now give a damn who got next  
Went from chasing cars serving nigga to hopping on jets  
I got blues and air pockets look nigga ain't crippling  
Couple niggas wanna beat me but they wont say it but I ain't tripping  
Got the glitz on me now hell no I ain't slipping  
2018 I'ma have a lot of you niggas in your fillers  
I'm designed to live my best life  
I'm designed to live my best life  
I'm designed to live my best life  
I'm designed to live my best life Got a 25 next up in niggas  
Got a hoe so exotic when you see her she like a genie  
When these niggas go broke you fuck niggas turn to demons  
Hoe suck me so good last night thought I was dreaming  
Get the paper lil nigga hell yeah get the paper  
Same thing my brother told me when he violated the papers  
I fuck and I seize it but I'd never change her  
You had me out saying nothing so to me you replacement  
Got that pole on my heel got the business in my pocket  
I'ma flex where I want to flex and you ain't gon stop it  
Walking feeling like a millionaire bitch cuz I am
