

# Greater Than One Less Than Three

## Dwele

(Intro)Yea...1, 2, 3(1st Verse)

Desire blinded me at first

Allowing me to see, nothing past me

But you restored my innocence(restored my innocence) Ain't nothing I forsake...(yea yea) I needed you to  
breathe.(Bridge)

It's better to be with you, than being me,

Greater than one, less than three.

It's better to be with you (yea yea..) than being me. (oh) Greater than one, (oh) less than three.
