

# Down With Love

Michael Buble

Down with love  
The flowers and rice and shoe  
Down with love  
The root of all midnight blues  
Down with things that give you that well known pain  
Take that moon, wrap it in cellophane  
Down with love  
Let's liquidate all its friends  
The moon, the June, the roses and rainbow's ends  
Down with songs that moan about night and day  
Down with love  
Yes, take it away, away  
Take it away  
Take it away  
Give it back to the birds and the bees and the Viennese  
Down with eyes, romantic and stupid  
Down with sighs and down with Cupid  
Brother let's stuff that dove  
Down with love  
Ah, let's go!

Down with things that give you that well known pain  
Take that moon and wrap it in cellophane  
Down with songs that moan about night and day  
Down with love  
Take it away, away  
Take it away  
Take it away  
Give it back to the birds and the bees and the Viennese  
Down with eyes, romantic and stupid  
Down with sighs and down with Cupid  
Brother let's stuff that dove  
Brother let's stuff that dove  
Brother let's stuff that dove  
Down with love  
Down with love  
Down with love  
Down with love
