

# Look Who's Burnin'

## Ice Cube

Ay but, what you doin' up here anyway nigga?  
Man I came up to get some rubbers man, what you doin' up here?  
No shit? Man, I came up here to get a physical  
You know for my job, you gotta get a physical and shit, but  
Really? Philip Brown to the front desk, Philip Brown  
Aw, that's me right there, hey man you stay up man  
Philip Brown  
Be careful and shit you know  
Alright then homey Philip Brown?  
Yeah  
Can I help you?  
Ah, ah, uh, yeah, I'd like to get  
I'd like to get a physical  
We don't give physicals here Oh you don't?  
No, all we test for is VD, herpes, syphilis and gonorrhea  
I'd like to see a doctor  
What's the matter, you burning?  
Huh? Stepped out my house, stopped short, oh no  
Why is my thing-thing burnin' like this?  
You burning?  
Stepped out my house, stopped short, oh no  
What have I done stuck my duck in? I went to the free clinic, it was filled to capacity  
Now how bad can a piece of ass be?  
Very bad, so I had to make the trip  
And thank God, I didn't have the drips I was there so a hoe couldn't gimme that  
Just to get, twenty free jimmy hats, now look who I see  
Ain't that yeah, that's the bitch from up the street  
With the big fat tail, who always told Cube to go to hell She thought she was wiser  
Now she's sittin' in the waitin' room, burnin' like heat-mizer  
Yeah I see ya, first Miss Thang, now Miss Gonorrhea  
Man it's a trip how the world keeps turnin'  
It's 1991 and look who's burnin' Does it get you hot? It's got me hot  
This is a girl playin' hard to get  
Burnin' up, burnin'  
What have I, done stuck my duck in? Does it get you hot? It's got me hot  
This is a girl playin' hard to get  
Burnin' up, burnin'  
What have I, done stuck my duck in? Now everybody is a victim, you can go see 'em  
And you'll hear more claps than the Coliseum

Sittin' there all quiet and embarrassed  
 Whup there go that bitch who was careless I remember, she wouldn't give the cock  
 To anybody who lived on the block  
 Now hoe, look what you got  
 Bend that big ass over for the shot 'Cause somebody is pipin' hot  
 Drippin' like a faucet, I'm glad I didn't toss it  
 Got you a college boy, who was worse than me  
 And he probably fucked the whole university Still wanted him to dick you down, kick you down  
 With some bucks, now who got fucked?  
 With a nigga for the money he's earnin'  
 But ask for some water bitch and look who's burnin' Does it get you hot? Can you get that?  
 This is a girl playin' hard to get  
 Burnin' up, burnin'  
 Why is my thing-thing burnin' like this? Does it get you hot? Can you get that?  
 This is a girl playin' hard to get  
 Burnin' up, burnin'  
 Why is my thing-thing burnin' like this? It burns  
 Fitfully, shatteringly to it's end  
 (Aw shit)  
 At which there is, a little surprise  
 (That stupid ass)  
 Bitch Yo, it ain't my fault you got the heebie-jibbies  
 But you still try to act like you didn't see me  
 So I walk over, and say "Hi, bitch, don't try to act surprised"  
 You shoulda put a sock on the pickle  
 And your pussy wouldn't be blowin' smoke signals Man, this is gonna kill 'em  
 Guess who got a big fat dose of penicillin?  
 They'll ask, "Who?" and I tell 'em you  
 The new leader of the big booty crew  
 And after the day, I'm sorry to say You come through the neighborhood, you couldn't give it away  
 To a nigga, who's out to get major paid  
 But you'll have him, pissin' out razorblades  
 But a bitch like you'll be returnin' with the H I V, R.I.P. You can't trust a big butt and a smile, I'm burning up  
 You can't trust a big butt and a smile  
 You can't trust a big butt and a smile, I'm burning up  
 What have I, done stuck my duck in? You can't trust a big butt and a smile, I'm burning up  
 You can't trust a big butt and a smile  
 You can't trust a big butt and a smile, I'm burning up  
 What have I, done stuck my duck in? Done stuck my duck in  
 I'm burning up  
 It's hot, I'm burning up
