

Don't Be Gone Too Long

Chris Brown

I dug a single seed into the ground
I hope it grows, grows
In a year or two if you're around
You'll see a rose, rose
Pack me up and keep me hidden somewhere
That you can find me
On a train to Paris going nowhere
Trouble bridge behind me Don't be gone too long (too long)
'Cause you won't be there to love me when you're gone
Don't be gone too long (too long)
Tell me who's gonna love me when you're gone When you're, when you're gone
When you're gone
Golden leaves are dancing on the ground
It's getting cold, cold
Safe from time, will be forever young
Never old, old
See upon a fire out in space,
Zooming up behind me
All the wonder written in your face
Was there beside me Don't be gone too long (too long)
'Cause you won't be there to love me when you're gone
Don't be gone too long (too long)
Tell me who's gonna love me when you're gone
Oh oh
When you're when you're gone
Oh oh
When you're gone Bring it back to me, bring it back to me
Is it really over?
Bring it back to me, bring it back to me (is it over?)
Bring it back to me, bring it back to me
Is it really over? Â (Yeah)
Bring it back to me, bring it back to me Â Don't be gone too long (too long) ('Cause it will be over)
'Cause you won't be there to love me when you're gone
Don't be gone too long (too long) Â ('Cause it will be over)
Tell me who's gonna love me when you're gone
Don't be gone too long (too long) Â ('Cause it will be over)
'Cause you won't be there to love me when you're gone (when it's over)
Don't be gone too long (too long) ('Cause it will be over)
Tell me who's gonna love me when you're gone
