Let mr. sexes flex this lexis
And this where the cowboys play
They battle with my team from the bay
Frisco
Now I'm from the northwest
But I likes my soul food
So I'm calling up an old groove
And I'm a brother with a gut
So, hello Keema, can ya take us out to Pappadeaux,
And don't forget about San Antone
The last time I went thru
I took three broads home
And much love love to the brothers in Austin
And the 5 1 2
I'm flossin in Lawston
A state that's as big as hell
And I spot two bad ass girls in a Tercel
They said what's up? And I said whassup? (We're going to Houston)
And I said giddy up, U-turn
