

# Automaton

## Sophie Madeleine

He arrived on the scene  
With no past and no future  
He seemed to know your dreams  
Replace tears with laughterStreet corner whispers  
Would mention his name  
Selfish? Benevolent?  
What was his game? Some say, he's perfect  
Some say, a spy  
A hidden power  
They all wonder, whyThe rumors mounted  
But still no fact  
I need to find out  
Some say, perfect hidden power  
We all wonder, whyQuestions unanswered  
Suspicion alerted  
I went round to his place  
If felt quite desertedI climbed the stairs to where  
His body lay without motion  
No spirit lives in there  
The cord had been brokenHis skin was reptile  
No life in there  
Not young not old  
A long hollow glareHis breath had stopped  
No hearts beat there  
Is this a man?  
Should I believe hidden power  
They all wondered, whyMy attention was caught  
By a sound from the door  
Panic gripped the mind  
What lay in storeA being stared at me  
Benevolent, not cold  
Automaton, he is controlledHis skin was reptile  
No life in there  
Not young not old  
A long hollow glareHis breath had stopped  
No hearts beat there  
Is this a man?  
Should I believe hidden power  
They all wondered, whyAutomaton, no life in there

No past and no future

Is this a man

Automaton, no life in there

No past and no future

Automaton, no life in there

No past and no future

Automaton, no life in there

No past and no future

Automaton, no life in there

No past and no future

Is this a man
