

Dirty Pearl

[Angela McCluskey](#)

She's not your average girl
She's just a dirty pearl
She might be priceless
But they're blind to itShe got that halter top
She haunts the truck stop
She's got several secrets
Scribbled on a matchbookShe's showing you her scars, isn't she?
She's sleeping with the stars, isn't she?Oh, but you can do what you like, boys
Oh, you can do what you please
Oh, just be gentle with that girl
She's shining like a dirty pearlYeah, it's such a lovely world
You can have her for a rusty dime
When she gets her head around to it
She's gonna buy that Chevy Nova and point it at the oceanShe's showing you her scars, isn't she?
She's sleeping with the stars, isn't she?Oh, you can do what you like, boys
Oh, you can do what you please
Oh, just be gentle with that girl
She's shining like a dirty pearlShe's shining like a dirty pearl
Shining like a dirty pearl
Oh, she's shining like a dirty pearl
