I Blame You

Plug In Stereo

There was a time
not so long ago
Girls were nothing more than a little fun
'til you caught my eye
Now all I see is you
Never thought I'd be a fool in lovewell, I spilled coffee on my favorite shirt
forgot to tie my shoes--I don't know why.
I started thinking
since you came around
I've never been so helpless in my lifeAnd I blame you, you, you,
You and that dress of yours
I blame you, you, you
you and that smile.
I'll blame you, you, you
I can't find another reason
I just go to pieces over you.I called my best girl by your name today
'cause you're the only one that's on my mind
Now she's my ex-girl
She took a swing at me
Now you know how I got this black eyeAnd I blame you, you, you,
You and that dress of yours.
I blame you, you, you
You and that smile.
I'll blame you, you, you
I can't find another reason
I just go to pieces over you
yeaahhhI'll take the bruises baby
if I've got you to save me
I'm going head-over-heelsand I blame you, you, you
you and that dress of yours
I blame you, you, you
you and that smile
I'll blame you, you, you
I can't find another reason
I just go to pieces over you
