

One And One

Robert Miles

The sky isn't always blue
The sun doesn't always shine
It's alright to fall apart sometimes,
I am not always you
And you are not always mine
It's alright to fall apart sometimes After all is said and done
One and one still is one
When we cry, when we laugh
I am half, you are half The heart isn't always true
And I am not always fine
We all have an angry heart sometimes After all is said and done
One and one still is one
When we cry, when we laugh
I am half, you are half Look how far we have come
One and one still is One moon (one moon)
One star (one star)
I love the one we are
One thread (one thread)
One line (one line)
Let's stand still in time One moon (one moon)
One star (one star)
I love the one we are
One thread (one thread)
One line (one line)
That runs through our lives After all is said and done
One and one still is one
When we cry, when we laugh
I am half, you are half Look how far we have come
One and one still is one ah
Oh
