

Might as Well Be Gone

Pixies

You're the chosen one
But I could use a change
Even golden suns
Find the end of their reign You might as well be gone
You might as well be gone
That's my speech
That's my song In the streets tonight
But the bars are all closed
We could meet tonight
But you're only a ghost You might as well be gone
You might as well be gone
Yeah, you might as well be gone
That's my speech
That's my song
