

Make Believe

Seventh Day Slumber

How did I get so far from the promises I made?
Life it seems so dark compared to yesterday
And everything I had the gift that I received
Is slipping through my hands, now its only make believe
Fading away and I feel like I cant breathe
Tomorrows gone, how long until I break?
Fading away, Im trapped inside of me
Tomorrows gone, how long until I break?
All the things I chose that slowly took Your place
Are laughing back at me, I cant make them go away
My life is crashing down, another tragedy
Another broken dream, now its only make believe
Fading away and I feel like I cant breathe
Tomorrows gone, how long until I break?
Fading away, Im trapped inside of me
Tomorrows gone, how long until I break?
