

# One of It

Milow

you came over  
like a midnight appetite  
nobody believes me now I ran across and  
saw thousand people on my way,  
on my way, on my way out one of it, two of it  
one of it, we'll make the most of it  
you'll love it  
one of it, two of it  
one of it, we'll make the most of it  
you'll love it You left me out there  
in the early morning rain  
why won't you believe me now  
I'm only trying  
to protect my point of view  
I want you to let me in one of it, two of it  
one of it, we'll make the most of it  
you'll love it  
one of it, two of it  
one of it, we'll make the most of it  
you'll love it  
and you try to give me something  
to give me something  
we're up to something  
up to something  
let's try one of it, two of it  
one of it, we'll make the most of it  
you'll love it  
one of it, two of it  
one of it, we'll make the most of it  
you'll love it can you cow me in  
can you cow me in
