

# Make You Love Me

## Slow Runner

When you choose me, you start to lose me.  
When I get you, I start to regret you.  
When we're lovers, it's almost over-  
You can hear my heart,  
in the dark,  
like a bird, singing...All I wanna do is make you love me,  
All I wanna do is make you love me. When I've used up the best you,  
and I'm breaking myself against the next you...  
I'll think of your sweet and true love,  
It's another inner monologue I gotta ignore,  
I'm still a little too easy,  
too insecure, cuz All I wanna do is make you love me,  
All I wanna do is make you love me. All I wanna do is make you love me...  
All I wanna do is make you love me. All I wanna do is make you love me,  
All I wanna do is make you love me...
