Getting Closer

Hird

You got to dance closer to the ones that you love
You got to dance closer to the ones that you loveYou got to dance closer to the ones that you love
You got to dance closer to the ones that you loveFeel the rhythm with me
What must I do to make you see
Baby we could be a grooveFeel the rhythm with me
What must I do to make you see
Baby we could be a grooveYou and I together
Dancing this rhythm
Rhythm of love, rhythm of love
