

Getting Closer

Hird

You got to dance closer to the ones that you love
You got to dance closer to the ones that you love You got to dance closer to the ones that you love
You got to dance closer to the ones that you love Feel the rhythm with me
What must I do to make you see
Baby we could be a groove Feel the rhythm with me
What must I do to make you see
Baby we could be a groove You and I together
Dancing this rhythm
Rhythm of love, rhythm of love
