[Intro]

Oh lawd

Looking back then you?ll be like oh lawd

[Hook]

Looking back then, you?ll be like oh lawd

Look at me now, you?ll be like oh lawd

Looking back then, you?ll be like oh lawd

Look at me now, you?ll be like oh lawd

That bitch seen my chain and she was like oh lawd, oh lawd

I gave her that thang and she was like oh lawd

Niggas seen my earrings and they was like oh boy, oh boy

But he know never try to rob Almighty So, boy

[Verse 1: Chief Keef]

Come thru killing shit, dropping shit

Or I do a hit list bitch on my Dodgers shit

Niggas steady talking about popping out

We gon' start popping shit

Nigga gon' be on that roster again

Like fuck da Feds

They mad cause a young nigga made it and got ahead

They wanna lock me up and throw away the key

That's not fair, I made it up outta there

Now I'm ridin' round totin' choppas

Ridin' round shootin' blocks up

Everybody mad cause I'm gettin' that guap up

Nothin's gonna make me stop it

Nuh-uh, no

Gettin' to my money, choppa waterfall

Give a fuck bout new cars but I don't want it all

We some Energizer bunny y'all

Even though you ain't got them

I just run up with my Glock up

I just spent 40 thousand on Balenciaga's

Baby I don't like no Prada

[Hook]

[Verse 2: Tadoe]

I took her to the crib, she like "oh lawd"  
She never seen a mansion with glass floors  
I?m stuck up in my glory, I ignore her  
I got some top and kicked her out the door  
I put her in the whip, she like "oh lawd"  
She said she done fuckin' with lil boys  
They ain't got no guap, ain't makin' no noise  
She hit my dope, it knock her out like Floyd, oh lawd  
For these shoes I paid bout four, oh lawd  
I bought a pint and po'd a fourth  
Pockets fat like ass on contour  
200 on the dash in my car, oh lawd

[Verse 3: Chief Keef]

My pockets fat like the ass of Kim K, oh lawd  
How I'm runnin' through this cake, oh lawd  
Car I'ma drive today, oh lawd  
Remember when I ain't have nothin' before  
Now I can have it all  
Problem is that I won't stop til I fall  
Don't care bout none of y'all

[Hook]

Oh lawd, oh lawd
