For all who didn't get it yet
We're living in the age of change
That means you should change yourself
Don't wait until the others willYou have the power to change the world
You have the power to change the world
Small reason huge effect
Small reason huge effectTime is running away
Second for second
Break out of your mind cage
And control your rageTime is running away
Second for second
Break out of your mind cage
And control your rageYou're responsible, you're responsible
Understand that, understand that
Don't be a cogwheel anymore
Don't be a cogwheel anymore
Don't be a cogwheel anymoreDon't sit there
Move your ass
One is all
And all is oneDon't sit there
Move your ass
One is all
And all is oneEvery little thing you do
Causes huge effects
Every little thing you do
Causes huge effectsThe whole world
Depends on your actions
The whole world
Depends on your actionsYou're responsible, you're responsible
Understand that, understand thatThe moon is red
The sun burns
The moon is red

The sun burnsTime is running away
Time is running away
Second for second
Second for secondTime is running away
Second for second
Break out of your mind cage
And control your rageTime is running away
Second for second
Break out of your mind cage
And control your rageYou're responsible, you're responsible
Understand that, understand that
Don't be a cogwheel anymore
Don't be a cogwheel anymore
Don't be a cogwheel anymore
