

What A Scene

Goo Goo Dolls

When you're feelin' all wrong in the back of your mind again
How does it feel when you drop down? Everything's all the same

Oh yeah

Saccharine caffeine nicotine gum
All it tastes sweet but it's not for long
And I just think you thought it would be
When you're lookin' for truth on the cover of a magazine
How does it feel when you find out what you're not gonna be?

Oh yeah

They give you your image and the things you believe
Open your eyes tell me what did you see?
And I just think you thought it surreal
And how does it feel when you're out on your own?
And now it's too late to come home
And it's hard to be free

When you're down on your knees
Take it easy till you make it alone
Now you're a supermarket unk rock television comedy

Out on the scene

Yeah, I bit down now there's no hand to feed

Oh yeah

And all the beautiful images linin' your walls
Pop radio screamin' down the halls
And now you think you found somethin' real
When it's all about money and the things that you need
Live a big lie and they all believe
Now I just find that somehow obscene

Well how does it feel when you're out on your own?

And now it's too late to come home

And it's hard to be free

When you're down on your knees
Take it easy till you make it alone
Take it easy till you make it alone

What a scene?

Yeah

When it's all been said before

And all been done

Take it easy tilll you make it alone

Take it easy till you make it alone
Nah nah nah nah nah nah
Nah nah nah nah nah nah
Nah nah nah nah nah nah
Nah nah nah nah nah nah
(Lies weigh more than truth)
Nah nah nah nah nah nah
(Innocence looks good on you)
Nah nah nah nah nah nah
(Now everybody wants to know your name)
Nah nah nah nah nah nah
Nah nah nah nah nah nah
Nah nah nah nah nah nah
