

# Disaster

## Home Grown

You were everything that I dreamed of  
I never thought I'd hear you say that you'd fallen out of love  
I never said this would be easy  
You said you'd understand  
Now you're giving up everything  
It's just not fair This is a disaster  
This is a disaster  
This is a disaster you're after you know this is killing me  
Yeah this is killing me "Maybe we just weren't meant to be"  
I say that's probably the worst thing you could have said to me  
I've given everything that I had, and nothing in return  
I guess heartbreak's a fire And I got burned  
This is a disaster  
That you're after  
This is a disaster you're after you know this is killing me  
Leave this behind  
You that's not, it's not that easy  
I'm being denied  
Of everything I ever wanted  
I know that you're leaving  
Just tell me that you'll come back  
I promise I won't let you down  
Won't let you down
