

Cool An' Green An' Shady

[John Denver](#)

Saturday's holidays, easy afternoon, lazy days, summer days
Nothin' much to do, rainy days of better days
Hangin' out inside, rainy days and city ways
Make me want to hide some place, cool an' green an' shady
Find yourself a piece of grassy ground
Lay down close your eyes
Find yourself and maybe lose yourself
While your free spirit flies
Find yourself a piece of grassy ground
Lay down close your eyes
Find yourself and maybe lose yourself
While your free spirit flies
August skies are lullabies, promises to keep, dandelions
And twisting vines, clover at your feet, memories of aspen leaves
Trembling in the wind, honeybees and fantasies
Where to start again some place, cool an' green an' shady
Cool an' green an' shady, cool an' green an' shady
Cool an' green an' shady, cool an' green an' shady
Cool an' green an' shady, cool an' green an' shady
