# I Love You

## Perry Como

I love you comes the April breeze
I love you echo the hills
I love you the golden dawn agrees
As once more she sees daffodilsIt's spring again
And birds on the wing again
Start to sing again
The old melodyI love you
That's song of songs
And it all belongs
To you and meIt's spring again
And birds on the wing again
Start to sing again
The old melodyI love you
That's the song of songs
And it all belongs
To you and me
