

Over Tokyo

Collective Soul

You got a photograph of a smile
Taken way back when we could smile
Now, this plane will take me
Where I don't know?
Maybe in Tokyo 'Cause there's no memories over Tokyo
And there's no hurtin' over Tokyo Got a photograph of some tears
Taken presently with more tears
Now, I'll search for happiness
Where should I go?
Maybe in Tokyo 'Cause there's no memories over Tokyo
And there's no hurtin' over Tokyo With attention waves pain go away, 'way
My condition well, it's just not the same
Oh, no no no no 'Cause there's no memories over Tokyo
And there's no hurtin' over Tokyo If there's no memories over Tokyo
And there's no hurtin' over Tokyo Tokyo
Tokyo
Tokyo
