

Tonite

The Go-Go's

The street lights are shining bright tonite
The billboards are shedding their light tonite
My crowds are hanging around tonite There's a charge in the air tonite
It's kind of electric out there tonite
And we're all out on the town
Action gonna track it down
Gonna turn some heads tonite There's nothing, there's no one
To stand in our way
Get dressed up and messed up
Blow our cares away Our mind's set on seeing
This night through 'til day
We rule the streets tonite
Until the morning The boulevard is crowded and loud tonite
It's time for excitement right now tonite
There's no better world to be found
If there was we'd give it all
For a lifetime like tonite There's nothing, there's no one
To stand in our way
Get dressed up and messed up
Blow our cares away Our mind's set on seeing
This night through 'til day
We rule the streets tonite
Until the morning There's nothing, there's no one
To stand in our way
Get dressed up and messed up
Blow our cares away Our mind's set on seeing
This night through 'til day
We rule the streets tonite
Until the morning light
