Jack

Indiana

She's gonna find you hide
You took it too far, you took too many
And as she fled the scene
She cry the more, the more, the more darkTwo kids in love but it's all gone out,
All gone out, all gone out
Jack fall down and he broke his crown
Broke his crown, broke his crown
He soon call up, now you take the town
Take the town, take the town
I found blood and they all fall down
All fall down, all fall down
He'll stay forever that way
All of that blood on you Jack
It's not worth bringing me for
For shame, avenge my soul
All of that blood on you Jack
It's not worth bringing me for
Back, back, back, backAs they turn to us, the smoke in summer cast a shadow
They gather all your boys
And they call murder, murder, murderTwo kids in love but it's all gone out,
All gone out, all gone out
Jack fall down and he broke his crown
Broke his crown, broke his crown
He soon call up, now you take the town
Take the town, take the town
I found blood and they all fall down
All fall down, all fall down
He'll stay forever that way
All of that blood on you Jack
It's not worth bringing me for
For shame, avenge my soul
All of that blood on you Jack
It's not worth bringing me for
Back, back, back, backI tried to hide but basing me out
To all the things you hang about
Now I'm dancing in my safe spot
You joined to chase the blame
We joined to chase the blame
You joined to chase the blame

You joined to chase the blame
You joined to chase the blameHe'll stay forever that way
All of that blood on you Jack
It's not worth bringing me for
For shame, avenge my soul
All of that blood on you Jack
It's not worth bringing me for
Back, back, back, back
