Get Up and Use Me (Fire Engines cover)

[Franz Ferdinand](#)

Use me!They take my voice and they feed my eyes
All I read is a bed of lies
I know the truth of the idiot youth
Is nothing than a guiseAnd who's scared?
Not meSo g-g-g-g-get up and use meThe universe, white from a bed
And don't you know he is already deadSo g-g-g-g-get up and use meTell me I have everything to live for
It means nothing to me
And from what I can see
And I'm blindSo g-g-g-g-get up and use meThe dumbing down of lies
The dumbing down of a bed of lies
So tell me, tell me, tell me, tell me
To get up and use me
