Listen Up

Haystak, Young Buck

So it was, my life began
Just a pale and drawn shadow of a man
Then I put my amour on
This could be the night all my fears are gone
This could be the one
Listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now
There's a time for standing tall
Every man must rise, every man must fall
When he comes to call
Listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now
Oh, listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now
Oh, listen up, we're gonna make it somehow
We're gonna change the world
Starting with here and now
Ooh, ooh, ooh, ooh
