

# This Love

## Housefires

.oh just to know you  
to really taste and see  
to really taste and see  
to really walk with you  
\*walk with you\*  
to really walk with you  
\*walk with you\*  
every moment, everyday  
walk with you  
to be with you  
to have my eyes open  
to see you  
to have my eyes open  
to see you  
to have my heart open  
to know you  
everyday, everyday  
this love is an everyday kind of love  
every morning am in it  
this love is an everyday kind of love  
every evening am in it  
this love, this love  
this love is an everyday kind of love  
every morning am in it  
this love is an everyday kind of love  
every evening am in it  
this love doesn't leave me alone  
and it never forgets it's own  
this love will never leave me because my past is bad  
oh and this love lifts me up above the waves  
I don't need to be overwhelmed  
oh and it raises me upon rocks  
so my feet could find stand in the ground.  
It's every moment, everyday  
always,  
his love is an every moment everyday  
always,  
his love is an every moment everyday  
always, always, always, always

this love  
oh this love is an everyday kind of love,  
every morning am in it  
this love is an everyday kind of love  
every evening am in it  
oh this love never leaves you to walk a road alone  
oh his voice calls out above the north  
oh this love doesn't care if you don't think you can cut it  
oh it takes you away and it lifts you up  
it gives you faith so you can lift your hand and you can run real fast  
you can feel his joy  
this love, this love, this love  
is an everyday kind of love
