

# Games Of Love

## Boyzone

Many years ago now  
In the garden of love  
A temptation that was watched from above  
I'll be your adam, if you'll be my eve  
So come show me that you  
Will not deceive  
That love, just a crazy feeling  
Deep and hidden meaning, it's true  
And love, takes some understanding  
So don't you go and break all the rules  
We're talking a-b-c  
I'm singing do-re-mi  
I'll teach you endlessly  
Games of love

We're counting 1-2-3  
I'm writing 'u 4 me'  
I'll teach you endlessly  
Games of love  
Listen to me now girl  
'cos you've known all along  
It's a game of love so don't play it long  
I'll be your romeo and you juliet  
Just read the book and you won't forget  
That love, just a crazy feeling  
Deep and hidden meaning, it's true  
And love, takes some understanding  
So don't you go and break all the rules  
Repeat chorus
