

In the Flow

[Kathryn Cloward](#)

Breathe just be take it slow
I'm always here connect with the flow
Close your eyes let it goThe river flows we come and go
It's all the same as years ago
The river flows it's easy
Just be in the flow it's easyBe still now take your time
Allow for space quiet your mind
Open up receive beauty DivineThe river flows we come and go
It's all the same as years ago
The river flows it's easy
Just be in the flow it's easy
