Addictive Love

Stonefield

Way higher, yeah
Yeah, yeahAll I wanna do is just explain
Why that we feel the way we do
What a joy to share with you
For me to live, is Christ to die, is gain
If anymore I need to say
The list goes on and on all dayIll cherish that moment for life
And I know it might sound crazy
Its alright, take a seat, hold tightTime to admit
(Time we should admit it)
Im so addicted, yeah
You see, Hes taken my heart
And showed me the right wayNo doubt about it
(Doubt it, no doubt)
See, Im lost without it, yeah
You see this love takes me higher
I didnt know why then
I found it was addictive love, yeah
Woo, hoo, yeahNow that weve evened up the score
Hey, what do you mean theres so much more
I need to tell why we adore
The reason why I smile when I, when I wake up
And also the reason why I dream
Reason why I dream
My love, my joy, my everythingAnd Ill cherish that moment for life
(That moment for life)
And I know it might sound crazy, crazy
Its alright, take a seat, hold tight
(Alright)Time to admit it
(Time we should admit it)
Im so addicted, yeah
You see, Hes taken my heart
Taken my heart, yall
And showed me the right way
(Showed me the right way)Theres no doubt about it, no
(Doubt it, no doubt)
Im lost without it, yeah
You see, this love takes me higher, yeah, yeah
I didnt know why then

You see, I found it was addictive love, hey, yeah, yeah
So much love(Hes given to me everything I longed for)
And everything I need
That means Im never alone, so glad
(And everything Ive dreamed and much more)
Yeah, yeah, yeah, yeah, yeah, yeah
So much moreAnd Ill cherish, cherish the moment, that moment for life
For the rest of my life, yeah, yeah
And I know it might sound crazy but its not crazy, no
Im not crazyIve never known anyone to love me quite the way You do
And I tell You
Its hopeless, Ive finally, hopeless, noticed that
Im just forever addicted, forever
Forever in love, hey, yeah, yeah, yeah(Time we should admit it)
Hold tight
You see, Hes taken my heart, heart, yall
And showed me the right way
(Showed me the way)Theres no doubt about it
(Doubt it, no doubt)
Show me the right way
See, Im lost without it, yeah
You see, this love takes me higher, higher
I didnt know why then,
I didnt know why, I didnt know I was addicted(Time we should admit it)
Hey, yes, I am
You see, Hes taken my heart, my heart
And showed me the right way
(Showed me the way)Theres no doubt about it
(Doubt it, no doubt)
See, Im lost without it, yeah
You see, this love takes me higher, a little bit higher
I didnt know why thenTime to admit
(Time we should admit it)
Im so addicted, yeah
You see, Hes taken my heart
And showed me the right way
(Showed me the way)Theres no doubt about it
(Doubt it, no doubt)
See, Im lost without it, yeah
