

# Someone New

## Medina

One day  
One day  
Maybe we'll talk  
About the memories  
That we share  
Some day  
We could meet up  
And laugh about it  
I know we have differences  
I know we gave each other shit  
The way we never eaten out  
But could it be  
We could be friends some times  
When we talk, we talked all night  
I think I miss that  
I think I miss that  
But don't get me wrong  
It's good to see you happy  
Happy with somebody  
Someone new  
Someone new  
It's good to see you happy  
Happy with somebody  
Someone new  
Someone new  
All I wan't, I wan't is for you to be loved  
All I wan't, I wan't is for us to make love  
It's good to see you happy  
Happy with somebody  
Someone new  
Someone new  
So you  
So you  
Are really in love  
And I hope she is the love of your life  
I know you  
Never give up  
You love so hard  
But do you think we could be friends sometimes

Cause when we talk, we talked all night

Sometimes I miss that

Sometimes I miss that

But don't get me wrong

It's good to see you happy

Happy with somebody

Someone new
